## Part-I Chemistry

### GENERAL CHEMISTRY 1-33

|                                             |    |
|---------------------------------------------|----|
| 1. Structure of Atom.....                   | 3  |
| 2. Chemical Bond.....                       | 8  |
| 3. Radioactivity.....                       | 13 |
| 4. Electrochemistry.....                    | 17 |
| 5. Oxidation and Reduction.....             | 21 |
| 6. Gaseous State of Matter.....             | 24 |
| 7. Volumetric and Qualitative Analysis..... | 29 |

### PHYSICAL CHEMISTRY 35-65

|                                                     |    |
|-----------------------------------------------------|----|
| 1. Chemical Equilibrium.....                        | 37 |
| 2. Ionic Equilibrium.....                           | 43 |
| 3. Solution.....                                    | 49 |
| 4. Catalyst.....                                    | 55 |
| 5. Colloidal-State .....                            | 58 |
| 6. Thermochemistry and Chemical-Thermodynamics..... | 61 |

### INORGANIC CHEMISTRY 67-109

|                                                       |     |
|-------------------------------------------------------|-----|
| 1. Periodic Table and Periodic Properties.....        | 69  |
| 2. Hydrogen and Its Compounds.....                    | 73  |
| 3. Alkali-Metals (I A Group Elements).....            | 77  |
| 4. Alkaline Earth Elements (II A Group Elements)..... | 80  |
| 5. III A Group Elements.....                          | 83  |
| 6. IV A Group Elements.....                           | 87  |
| 7. V A Group Elements.....                            | 91  |
| 8. VI A Group Elements.....                           | 96  |
| 9. VII A Group Elements.....                          | 99  |
| 10. Zero Group Elements (Inert Gases).....            | 102 |
| 11. Transition Elements.....                          | 105 |

**ORGANIC CHEMISTRY****111–180**

|                                                              |     |
|--------------------------------------------------------------|-----|
| 1. Purification of Organic Compounds .....                   | 113 |
| 2. Detection and Estimation of Elements.....                 | 116 |
| 3. Isomerism.....                                            | 119 |
| 4. Reaction Mechanism.....                                   | 123 |
| 5. Classification and Nomenclature of Organic Compounds..... | 128 |
| 6. Aliphatic Hydrocarbons and Alkyl Halides.....             | 132 |
| 7. Ethers and Alcohols.....                                  | 139 |
| 8. Aldehydes and Ketones.....                                | 143 |
| 9. Carboxylic Acids and their Derivatives.....               | 147 |
| 10. Carbohydrates.....                                       | 154 |
| 11. Our Food and its Constitution.....                       | 156 |
| 12. Aromatic Compounds.....                                  | 159 |
| ● Assess Yourself.....                                       | 166 |
| ● Glossary.....                                              | 174 |
| ● Answers (Assess Yourself).....                             | 180 |

**Part-II****Zoology**

|                                 |             |
|---------------------------------|-------------|
| <b>Zoology at a Glance.....</b> | <b>3–26</b> |
|---------------------------------|-------------|

|                                                                                 |     |
|---------------------------------------------------------------------------------|-----|
| ● Branches of Zoology.....                                                      | 3   |
| ● Some Important Facts of Human Body.....                                       | 13  |
| ● Zoological Names of Some Important Animals Alongwith their Common Name.....   | 19  |
| ● Some Important Facts.....                                                     | 23  |
| 1. Origin of Life, Organic Evolution, Mechanism of Evolution, and Eugenics..... | 27  |
| 2. Animal Physiology.....                                                       | 44  |
| 3. Taxonomy.....                                                                | 76  |
| 4. Animal Tissues.....                                                          | 81  |
| 5. Amoeba and Entamoeba Histolytica.....                                        | 89  |
| 6. Plasmodium.....                                                              | 92  |
| 7. Porifera.....                                                                | 95  |
| 8. Coelenterata.....                                                            | 99  |
| 9. Aschelminthes.....                                                           | 102 |
| 10. Annelida.....                                                               | 105 |
| 11. Arthropoda.....                                                             | 108 |
| 12. Rana (Frog).....                                                            | 115 |
| 13. Rabbit.....                                                                 | 121 |
| ● Assess Yourself–1.....                                                        | 129 |
| ● Assess Yourself–2.....                                                        | 135 |

|                                  |     |
|----------------------------------|-----|
| ● Glossary of Terms.....         | 141 |
| ● Answers (Assess Yourself)..... | 152 |

### Part-III

## Botany

|                                                                          |             |
|--------------------------------------------------------------------------|-------------|
| ● <b>Some Useful Informations</b> .....                                  | <b>3–13</b> |
| 1. Cytology and Genetics .....                                           | 14–29       |
| 2. Ecology .....                                                         | 30–38       |
| 3. External Morphology .....                                             | 39–44       |
| 4. Internal Morphology .....                                             | 45–52       |
| 5. Pollination, Fertilization and Embryology .....                       | 53–58       |
| 6. Fruits and Dispersal of Fruits and Seeds .....                        | 59–64       |
| 7. Bacteria and Viruses .....                                            | 65–71       |
| 8. Fungi and Lichens .....                                               | 72–78       |
| 9. Algae .....                                                           | 79–85       |
| 10. Bryophyta .....                                                      | 86–90       |
| 11. Pteridophyta .....                                                   | 91–96       |
| 12. Gymnosperms .....                                                    | 97–102      |
| 13. Taxonomy and Economic Botany .....                                   | 103–110     |
| 14. Plant Physiology, Nitrogen Cycle and Special Mode of Nutrition ..... | 111–128     |
| ● <b>Miscellaneous Questions</b> .....                                   | 129–130     |
| ● <b>Assess Yourself (1–2)</b> .....                                     | 131–143     |
| ● <b>Some Important Definitions</b> .....                                | 144–167     |
| ● <b>Answers Assess Yourself</b> .....                                   | 168–168     |
